

HEAVENLY SHUTTLE BUS SYSTEM

The shuttle system is comprised of five different routes (red, green, yellow and orange for Heavenly's California side and blue for Heavenly's Nevada side) as shown on the map. The shuttles pick up at each of the shuttle stops according to the shuttle time tables listed for the route color. The time tables are in service from 8:00am - 2:00pm. After 2:00pm the shuttles make continuous loops from the Gondola and California / Nevada base lodges to expedite guest return to their lodging properties.

Please allow extra time when riding shuttles during holidays and Saturdays, as the shuttles are in peak demand during these high-use periods. Shuttles also need extra time during inclement weather, as visibility and slippery road conditions require extra caution and slower speeds

GONDOLA SHUTTLE OPERATION

In the event the gondola is not operating (due to mechanical or weather issues), the yellow, green and red routes will go to the California Lodge.

At the end of the day, be sure to board a shuttle with the correct colored sign. Shuttles display colored signs near their entry doors.

If you have any questions about Heavenly's Shuttle System, please call:
(530) 541-7548.
